Dodson's Liver Tone Takes the Place of Disagreeable Calomel and Its Often Dangerous After-Effects.

You probably know that calomel is a poison, a form of mercury, very dangerous to a great many people and sometimes causing disagreeable after-effects for nearly everyone who tries it.

Dodson's Liver Tone is recommended as a perfectly safe and reliable remedy to take the place of calomel. This is exactly what it is made for and has been made for ever since the first bottle was put up and sold.

Dodson's Liver Tones, pretty widely imitated. But be careful to judge between the loud boasts of the imitators and the plain truth of the original.

Dodson's Liver Tone is sold and guaranteed by Lefler's Drug Store, who will refund purchase price (50c) instantly with a smile if you are in any way dissatisfied.

Dodson's Liver Tone is a palatable vegetable liquid. Its action is easy and natural, with no griping, no pain and the after-effects are pleasant instead of disagreeable. Dodson's Liver Tone does not interfere with your regular duties, habits and diet, but builds and strengthens instead of weakening you or "knocking you all out" for days. Try Dodson's and feel better and brighter, as thousands have. (Advertisement.)

Dry, Hot Weather.

We do not pretend to be a weather prophet, but there are some freaks of nature we have observed, and one of them is the peculiar fact that when there is excessive moisture on the arid plains of the west, there is a dearth of moisture in the east. Now is about the time for the two extremes to occur. Usually, these arid plains suffer greatly for want of moisture, and it has been about six years, the year we spent there, since there was sufficient rainfall for a crop, but that year the rain was excessive, and in the east it was hot and dry. It is a peculiar fact that in a rainy season there great damage is done, the floods wash out the railroads and bridges and the hail beats down the crops, while storms and cyclones tear up buildings. Our exchanges from that country last week tell us of a two days and nights flood and hailstorm, putting railroads out of commission, destroying crops and doing great damage. In one place in Guadalupe county, New Mexico, the hail accumulated nine feet deep. In one place, in Greer county, Okla., the hail beat the roof off of a house and when the family came out of their storm cellar they had to shovel the hail out of the house with scoop shovels. This excessive moisture there means dry weather here.

Ruby Johnson, Plaintiff,
vs.
E. H. Johnson, Defendant.

Now at this day come the plaintiff herein, by her attorney C. F. Bragg and files her petition and affidavit, alleging, among other things, that defendant is not a resident of the state of Missouri, so that the ordinary process of law can not be served upon him within this state.

Whereupon, it is ordered by the clerk in vacation that said defendant be notified by publication that plaintiff has commenced a suit against him in this court, the object and general nature of which is to dissolve the bonds of matrimony heretofore contracted between the plaintiff and said defendant, on the grounds of general indignities and that unless the said E. H. Johnson be and appear at this court, at the next term thereof, to be begun and holden at the court house in the City of Caruthersville in said county, on the 20th day of July next, and on or before the first day of said term, unless further time be granted by the court, answer or demur to the petition in said cause, the same will be taken as confessed, and judgment will be rendered accordingly.

And it is further ordered, that a copy hereof be published, according to law, in The Hayti Herald, a newspaper published in said county of Pemisecot for four weeks successively, published at least once a week, the last insertion to be at least fifteen days before the first day of said next July term of this court.
